**Disclaimer:** While we exercise great care to furnish stock true to name we will not assume responsibility for error that may occur to exceed the amount received for stock proving faulty.

Our stock of bulbs is all one and two year from bulblets and this new stock is the most valuable for growing on. A vigorous young bulb makes better planting stock than an old bulb which has lost its vitality. Our stock is clean as all propagating stock was treated with formaldehyde before planting last season.

The supply of stock not listed last season has been exhausted; stock listed is subject to prior sale. No charge for packing. Prices, per 1000; 250 at the 1000 rate; in lots less than 250 add 10% to the 1000 rate. Half pint bulblets at the quart rate; quart at peck rate.
